Who cares?
Does it even matter?

Those who came before you, out-ran prehistoric beasts, learned to use tools, harnessed the power of fire and later electricity, survived epidemics, settled agriculture, domesticated animals, codified languages, developed medicine, circumnavigated the globe, sent man to the moon, and connected us all through the internet so that you may live as you do now....so that you may stand on the shoulders of all who came before you and reach higher heights than humanity has ever seen.

We owe it to them not to be stupid, or at the very least, not to flaunt our stupidity with stupid tattoos.

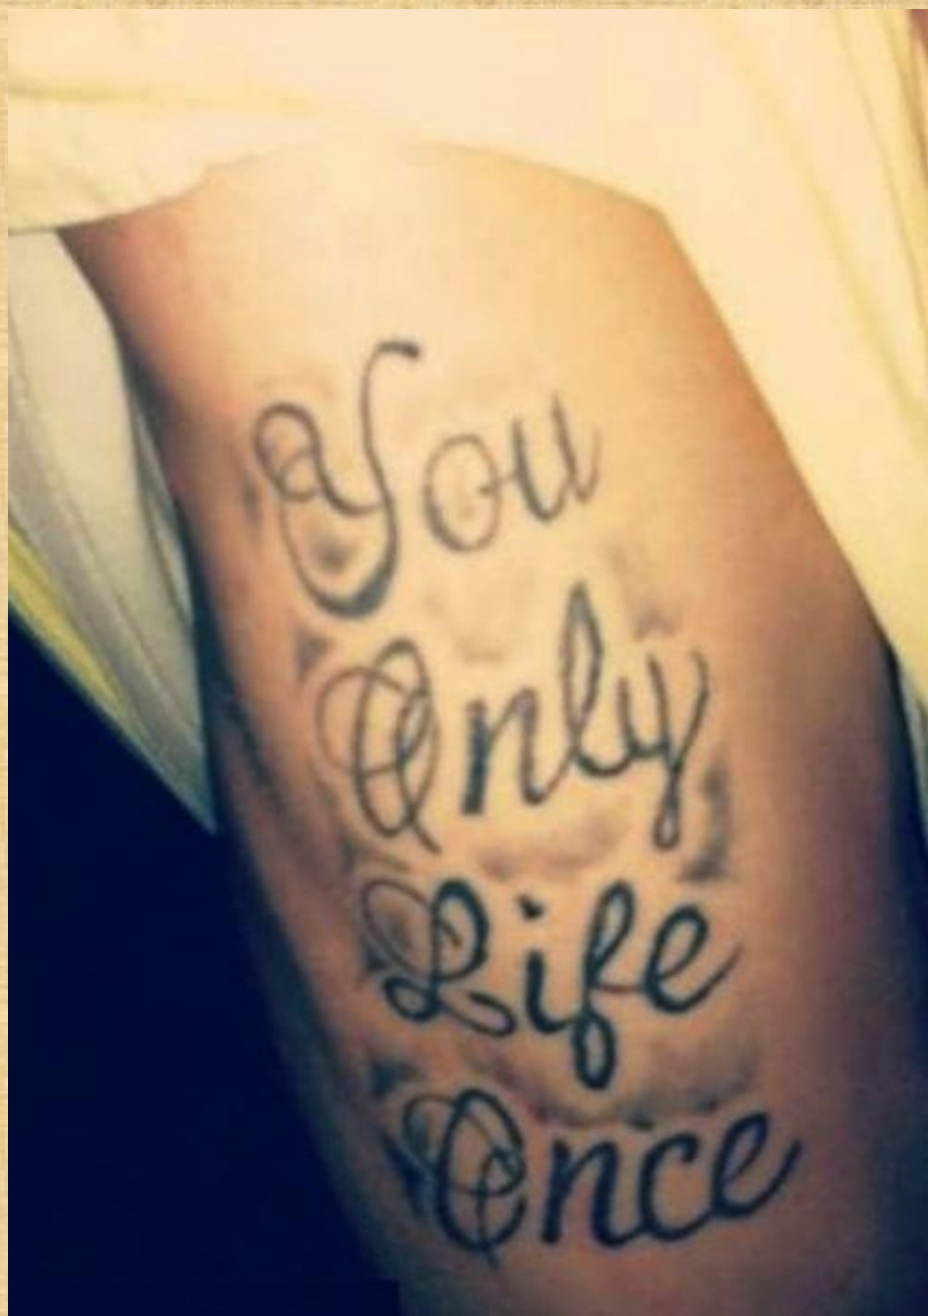

**Sadly, the decline has begun.
What you are about to see makes
both teachers and cavemen cry.**

**Writing matters.
Spelling matters.
Grammar matters.

everything humans have worked
for is not lost.**
